

Ever Wonder What Your Council Funds Support?

2017-18 Elmdale School Council Budget

As you can see from the graph above funds are allocated to seven separate activity streams. Last year the parent community was surveyed and as a result of feedback the streams were adjusted slightly in order to evenly support the Arts, Health and Physical Education and Science streams.

Twenty percent of council funds (\$10,823) are allocated to support the Arts. So far the funds have been allocated to support the Nepean High School presentation of Scooby Doo. Other activities still to come include; music, dance and Aboriginal Visual Art Workshops, a Drama Presentation for the whole school, as well as a Slam Poetry workshop.

In addition to the support provided above, a few fundraisers have taken place over the last few months. They have raised a total of \$11,915

Halloween Dance-a-thon: \$ 11,500

Shopping Nights at Mrs. Tiggy Winkle's, Shoppers Drug Mart and Bushtukah: \$415

Special thanks to our retail supporters and the Elmdale community for making these events a success.
